

OUTPLACEMENT PROGRAMME

It is all about you and your future

Take the right step forward with outplacement at AS3.
Your personal job counsellor will support you throughout
the entire programme.

Which is the right job for you?

We are with you every step of the way

Outplacement is targeted job and career counselling for people who are facing a change of job and who need to start looking for jobs.

We will help you to find answers about what you can do, what you want to do and how to get there.

You will learn more about yourself, your competences and your values. You will also receive professional support to help you get over losing your job and to move forward from a stronger position than before.

Together, we will come up with the right job search strategy, activate both your network and ours and turn you into a job candidate who is strong, attractive and successful.

"I was newly energised after all the sessions I attended. I was met at the exact point where I was and got a lot of useful input towards my job search."

It all starts and ends with you

You and what you need are central to the entire process, from start to finish.

You may want to improve your ability to write job applications, use LinkedIn actively in your job search or train your impact at job interviews. You may also consider setting up your own business, moving to a different industry or starting a course of education.

Or perhaps you need help to clarify what motivates you most in your working life; and how to find even more of that in your next job.

Your programme will be tailored to you and your future plans.

Your future – your programme

Personal counsellor and business coach

You will be assigned to a counsellor who is a good match for you, in relation to your professional abilities, industry and job ambitions. Your counsellor will follow you as your sparring partner and coach at your individual sessions and by email, chat and telephone. Together, you will plan your programme so that it is based on you and your needs.

Targeted plan for your job search

We help you clarify your professional and personal competences, strengths and success stories. You will find out where to find the best job opportunities for you; and how to get there. Together, we will decide on a plan that will get you all the way to your next destination.

All the tools you need, in one place

Our job universe gives you all vacant positions in one overview and uses artificial intelligence to match you with relevant jobs. You can also make your profile searchable to more than 3,000 companies and recruitment agencies.

Participate in expert webinars and network with other people who are looking for jobs. Improve your LinkedIn skills, your personal branding or create a professional CV using our many templates.

Look forward to...

- ✓ A targeted strategy for your job search
- ✓ A clear competence and job profile
- ✓ Clarification of your career objectives
- ✓ A potent and concise CV
- ✓ A professional LinkedIn profile
- ✓ Strong applications that will get you to an interview
- ✓ A bigger network and more job opportunities
- ✓ Strengthened impact for job interviews
- ✓ A shorter path to your next job

"I was not looking for a standard programme. This request was listened to and acted upon. That's really great."

AS3 Transition – who are we?

We help thousands of managers and employees every year to make a fast and secure transition towards another job that is right for them.

We are all certified job counsellors and business coaches, whose starting point is always the individual's situation.

We know about all the various industries of the labour market and have extensive experience from the private and public sector, with backgrounds such as managers, specialists and HR professionals.

You are therefore guaranteed a counsellor who will be a good match to you and your needs.

We look forward to meeting you.
