

GET AHEAD WITH YOUR CAREER

- outplacement for employees

GET READY FOR YOUR JOB SEARCH

WE SUPPORT YOU ON YOUR PATH TO A NEW JOB

With an outplacement programme at AS3, you are offered personal counselling, group activities and access to our digital job universe giving you the best possible support to land a new job.

For most people, the goal is the ideal new job; for others it can be starting their own business, education or something completely different. We can assist you, no matter what challenges you face.

Feedback from previous jobseekers shows that an AS3 programme is also about personal growth, which you can benefit from in the future.

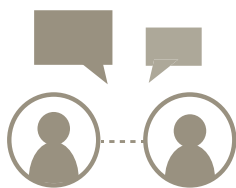

WE START WITH YOUR CURRENT SITUATION

Your personal counsellor will support you throughout your programme. Together, you and your counsellor plan the programme so that you and your needs are taken into account throughout.

Maybe you want to get your CV up and running quickly, update your LinkedIn profile or activate your network?

You can meet with your counsellor in an AS3 office, online or by phone, or you can choose sparring via email.

We also encourage you to join various group activities and explore our digital universe at your convenience.

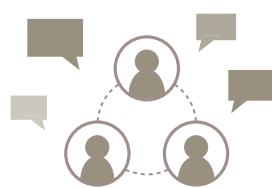

PERSONAL COUNSELLOR

A personal counsellor will be assigned to you, who will follow you throughout your entire programme.

We have more than 100 counsellors across the country, who all are certified counsellors/coaches with a minimum of 10 years of professional experience.

Furthermore, we have insight into all sectors and industries and cover all job functions.

GROUP ACTIVITIES

We offer various group activities, which either take place online or at an AS3 office.

Here we share our knowledge of the job market and job search. You can take part in professional sparring with other like-minded people and meet a range of counsellors both from AS3 and external presenters.

DIGITAL JOB UNIVERSE

You will have access to the AS3 Portal with professional modules, guides, articles and videos containing all our knowledge of the labour market and jobseeking.

In the AS3 Portal, you also have access to our CV Tool, where you can quickly and easily prepare a professional and sharp CV.

Finally, you get access to the jobs that our partners post on our portal. You can also make your CV visible to recruiting companies here.

YOUR PATH TO A JOB

Our experience shows that focusing on your competences and job goals will lead to success in your job search. The goal is that, after a short time, you are able to answer these three questions:

- What are my skills?
- What do I want?
- How do I do it?

During your AS3 programme, we will challenge you and ask you questions that you may not have thought of. You will learn more about yourself in the process and discover that your job opportunities increase.

Visibility on social media, specific job objectives, network activation, targeted applications and job-interview training is usually part of our outplacement programme.

Ours is a proven method. The responsibility is yours, and we support you in taking on this role.

YOU SHOULD KNOW:

- Your employer has defined the extent of your outplacement programme - we will support you accordingly
- Our counsellor will contact you within two working days once you are registered with AS3, and you will then be ready to start your counselling
- You have the opportunity for counselling at AS3's offices in the Nordic Region as well as through our international collaborator LHH in the rest of the world
- At the end of the programme you will continue to have access to the AS3 Portal for six months. You can also choose to join the alumni network and keep in touch with AS3

97% of our candidates are satisfied with their programme

"The goal is to find the dream job. And at AS3, you become absolutely clear about what you want and what your competences are. They are deeply professional, but it also requires you to be active, yourself."

- Former Novo Nordisk employee
